

BADGER CLUB WOMEN IN POSSESSION OF THE CITY

The Third Convention of the First District of the Wisconsin State Federation of Women's Clubs is in Progress Today.

HEARTY AND CORDIAL WELCOME GIVEN

Over 150 Delegates in Attendance—Mrs. Tanberg Presiding Officer—Program Embraces Many Fine Features, Including Dinner and Supper.

The city or at least the western side of it today is in the hands of club women, and while this third convention of the First District of Wisconsin State Federation of Women's clubs is in no wise demonstrative or sectarian in character, the Congregational church, for various reasons, is made the pivoted center around which the day's exercises revolve.

As early as 8 a. m. some of the devoted ladies of the church were on the grounds arranging the audience room and parlors which were made very attractive, the former with flags

ed up before the clubs.

Three Minute Club Reports

Three minute reports from all the clubs were then taken up, beginning with the Fortnightly of Beloit, which was represented by Mrs. Carpenter. This was a brief but witty epitome of the club's history which has extended over a period of ten years. With a membership of nineteen the average attendance has been over sixteen. General culture is its object.

Mrs. Farr spoke of the Woman's Club of Kenosha, which has also had an existence of ten years and is devoted to intellectual and social culture. History and general literature have been studied in the main.

The Philomathians of Janesville, were presented by Mrs. Thorpe. The club is the youngest in the federation and its membership is limited to 20. At its regular sessions a social half-hour is allowed, followed by light refreshments. Much time has been devoted to the study of the civil war.

Object of the D. A. R.

The object of the D. A. R. of Janesville was stated by Mrs. Fethers to keep alive in their descendants the sacred flame of patriotism which burned so brightly and effectively in the breasts of Revolutionary heroes. The organization was born in 1895 with twelve charter members and has now a membership of fifty. The lady spoke of what it had accomplished in philanthropy, and mentioned the fact that it presented yearly a medal to the eighth grade pupil who had done the best work in American history.

In her report of the Current Literature club of Beloit Mrs. Fowler stated that it had been in existence since 1897 and its membership was limited to twenty. Its object is a study of the literature of the present.

The Woman's Literary club of Evansville was represented by Mrs. Campbell. It took its start in 1897 with a membership of twenty-five. The object is the study of American and English literature. It has also been active in aiding the public library.

Mrs. Wilkinson looked after the interests of the East End club of Beloit, which she said was a city of clubs. This organization is ten years old and is animated by a spirit of philanthropy. Its charity has been extended to the library of that city with most happy results.

Woman's History Club

The Woman's History club of Janesville was organized in 1876, so Mrs. Will Joffris stated to the convention, for an object purely literary. It started with thirty members but later took on an annex which has very greatly increased its efficiency. According to Mrs. Pierce of Racine the Woman's club of that city has been active since 1896, when it started with seventy-five members. Its members have now increased to 150. It has established reading rooms and a sewing school. Lately it has been studying general literature.

Mrs. Fifer of Janesville spoke for the St. Catherine Reading Circle which began its career ten years ago with twelve members. It has now grown to a membership of twenty-five. It first took up general literature, but lately has devoted its time to church history in which it has been aided by several fine lecturers.

New Century of Whitewater

The New Century of Whitewater has twenty-five members, all stalwarts, so its enthusiastic representative said. Home first, the great world next, is its patriotic, unswerving text. After an exhaustive study of America it is now seeking light among the effete monarchies of Europe.

Beloit Coterie Club

The Coterie club of Beloit was represented by Mrs. Northrup. It is studying parliamentary law and practice and has a philanthropic and social aim.

Mrs. Baker told of the Alpha club of Whitewater as being consecrated to the study of art, literature and history.

Mrs. Christiansen gave a brief history of the Woman's club of Monroe. It is twenty years old and has a membership of ninety and is studying history and current events. It has also a musical and dramatic department. The afternoon club of Evansville was organized in 1897. Its attention is occupied by literature, domestic economy, art and music.

The Minnesota club of Whitewater was organized four years ago and is devoted to history. It was represented by Mrs. Blackman. A complete report was given of the Beloit Federation, which has done valuable work in the public schools in the domestic science department

and has rendered valuable aid to the city hospital.

The Athena Class

The Athena Class of Janesville, Mrs. W. H. Judd representative, has for its subject history, literature, art and mutual improvement.

The Broad Street club of Beloit combines social and literary aims. Mrs. Hamilton presented the Junco Club of Whitewater, which is nearly five years old. It is literary in its aim with art work in connection.

The Monday club of Edgerton, so Miss Mack said, was organized in 1899 and is devoted to literature, history, art and travel.

The Twentieth Century of Janesville, represented by Miss Kate Fife, is three years old and is studying history.

The West Side Fortnight of Beloit is a history club organized in 1895.

Mrs. Freeman spoke of the Emerson club of Whitewater which concerns itself with literature and current topics.

Whitewater Federation

The City Federation of Whitewater was cared for by Mrs. Humphrey. It comprises six clubs and is occupied with literary work, decoration of public schools and has aided the state library commission and the Travelling library.

The Current Topics club of Janesville, Miss Ida Harris representative, was organized fifteen years ago. It studies current events and social problems.

Mrs. Polhemus represented the Fortnightly club of Whitewater, which is four years old. Its object is literary.

The Social Reading club of Beloit, announced itself as the dean of Be-

Mrs. Ada P. Kimberley

loft clubs and is just what its name denotes.

Janesville Art League

The Janesville Art League, Mrs. Minnie Menzies, was organized in 1894. It studies art and history.

The School Art Auxiliary of Janesville is devoted to school room decoration. Mrs. J. L. Ford spoke in its behalf.

The O. E. S. Study club, Mrs. E. O. Kimberley, was organized twelve years ago and concerns itself with literature, history and art.

The Beloit West Side Monday club, Mrs. Farr, has for its objective point literature, travel and history.

The West Side Parliamentary club of Beloit, aims at a knowledge of parliamentary law in city, county and state government. Mrs. Stone represented this organization.

Then Adjourned to Dinner

The convention then adjourned for dinner to which about 120 sat down. The menu included:

Turkey with Dressing
Mashed Potatoes Pickles
Cranberry Sauce Tomato Salad
Coffee
Ice Cream and Cake Fruit
The tables were decorated with potted plants and cut flowers.

The Afternoon Session

The afternoon session opened at 2:15. By this time the last delegate was in her place, and the body of the big audience room was full. Without disparaging other assemblages in the same place it is safe to say that no better looking, better dressed or more intelligent body of women ever listened to a speaker from the same platform. To hold the respectful attention of such an audience would be a compliment to any speaker or entertainer. The program for this evening is as follows:

Rhodes Gradually Sinking

London, March 18.—Capetown dispatches this morning say that Cecil Rhodes is gradually sinking.

UNANIMOUS FOR CHAS. H. ANSON

Business Man, Old Soldier, Is Nominated for Mayor of Milwaukee.

HARMONY IN PARTY

A Strong Candidate Against Rose, Who Has Been in Power Four Years.

TURN DOWN TARRANT

Milwaukee, Wis., March 18.—The republican city convention yesterday afternoon unanimously nominated Major Charles H. Anson for mayor by acclamation, there being not the slightest trace of opposition. The nominating speech was made by George W. Hazelton, who was seconded by former Mayor Thomas H. Brown, who was up to last Friday a lively candidate against Anson.

There were indications of genuine harmony throughout the entire convention, which the republican leaders believe will continue until the polls are closed April 1. The rest of the ticket is as follows:
City Treasurer—William Al Starke.
City Comptroller—Frederick W. Kuth.
City Attorney—John O. Carlys.

The Platform Adopted

The platform adopted pledges adherence to the principles of the Republican national platforms of 1896 and 1900, and calls attention to the advancement made by Milwaukee under Republican administrations, declares that a business administration is sorely needed, and that the people are tired of gang rule by Democrats.

Major Anson is not a politician, but a leading business man who has been successful. He has not been an active participant in the war between the factions represented by Foster on the one side and La Follette on the other, although it is known that he is not in sympathy with some of the so-called reforms that the governor stands for.

No Excuse for Defection

The followers of La Follette, however, believe that his election will be a credit to them and that his defeat will result in a victory against them, it being well understood throughout the state that with a full vote for the candidate the Republicans of Milwaukee can elect. There is really no excuse for any republican opposition to Anson, and it is believed that there will be none. Rose has in the past received republican support, but that was owing to circumstances and conditions that do not now exist.

The choice of the caucuses and convention was Anson and it was a straight, fair and honorable contest, resulting in a landslide. There is no excuse for defection on the part of the men who labored for Brown, and if the republicans of the city go to the polls and vote the ticket defeat for the democrats is certain. Milwaukee is a republican city; it has a clean republican candidate whose fitness is unquestioned and who has demonstrated his popularity in a manner that leaves no room for doubt.

Turn Down Tarrant

The republican judicial convention last night was an inharmonious as the city convention was harmonious, and 149 members who opposed the party nomination of a judge and favor a non-partisan judiciary put on their coats and left the hall, while the 197 remaining went on with the work of making a nomination for judge of the second judicial circuit in place of Judge Tarrant, the sitting judge, who was appointed by Governor La Follette.

After a number of red-hot speeches on both sides a vote was taken on the question of adjourning, resulting in the defeat of the motion. Delegates opposed to a nomination went to the Plankinton House, where a meeting was held and plans laid for the campaign in favor of Judge Tarrant. Lyman G. Wheeler was nominated as the regular candidate.

BOY WAS KILLED FOR A SMALL SUM

Body of an Employee on a Dairy Farm, Found in a Lake Near Prairie du Chien.

Prairie du Chien, Wis., March 18.—The body of Peter Holley, employed on Ahren's dairy farm, was found in Garnet lake, a mile below the city, by hunters. Holley suddenly disappeared from the farm one evening during the middle of October, after having received \$12 of his \$52 in wages, and started down town for some tobacco.

Nothing has been heard of him since. Officers went after the body this afternoon and it is being thawed out at Grelle's undertaking establishment. An inquest will be held in the morning.

The general impression is that Holley was murdered for his money, as he had a deep gash in his neck, on the right side of his face and over the right eye. There are blood stains on his clothing and the body is not bloated, which strongly indicates murder. From appearances the body was probably in water all winter.

SOME ADVICE TO TOBACCO RAISERS

State Board of Agriculture Will Distribute Pamphlets to Growers of the Leaf.

Madison, Wis., March 18.—In order properly to meet the numerous inquiries constantly coming to it in regard to the culture and curing of tobacco and the resources of Northern Wisconsin, the state board of agriculture is having printed 500 copies of two addresses given on these subjects at the recent mass meeting of agriculturists here. The one on the culture and curing of tobacco was written and delivered by A. L. Fisher of Janesville and that on the resources of Northern Wisconsin by L. K. Wright of Wausau, secretary of the Marathon County Agricultural society. Both of these addresses Secretary John M. True of the State Board of Agriculture says, will prove of great value to persons interested.

TO STOP POOLING AMONG RAILWAYS

Injunction Proceedings for Violation of Sherman Anti-Trust Law, Begun in Chicago.

Chicago, March 18.—Injunction proceedings against the General Counsel for all the railroads entering Chicago and Kansas City restraining them from aiding or abetting the formation of pooling agreements and in the filing of discriminating rates and other violations of the Sherman anti-trust law was begun here this morning. Similar action will be taken at Kansas City tomorrow.

PECULIAR PLAN OF GEN. NELSON MILES

How He Proposed to Convince Filipinos of the Benefits of the United States Government.

Washington, D. C., March 18.—It is stated that the plan of General Miles for the pacification of the Philippines which was disapproved by President Roosevelt and Secretary Root contemplated the securing of half a dozen representatives of the Cuban and the same number of the Porto Ricans who should accompany Miles to the Philippines. These men would be given an opportunity to talk with the Filipinos regarding the beneficent results of American rule in their islands. Miles also proposed to bring a number of prominent Filipinos to the United States for the purpose of studying American institutions.

ICE GORGE BLOCKS MISSOURI RIVER

Big Stream Ran Dry on Sunday at Chamberlain, S. D.—Damage Feared When Gorge Breaks.

Sioux City, Ia., March 18.—Early Sunday morning the Missouri river at Chamberlain, S. D., suddenly went dry stranding the ferry in midstream. The ice had been running and it is feared a great gorge has formed above the city. Couriers were sent out to investigate. If the gorge is formed it will cause an immense damage when it breaks.

LIBERAL ARMY HAS GAINED A VICTORY

Washington, D. C., March 18.—The navy department this afternoon received the following cablegram from Captain Rogers, commanding the United States gunboat Mariette: "Colon: The Liberal army has gained a victory. The rebels have possession of all the country west of Panama. Fighting is expected on the Isthmus."

RUSSIA WILL NOT STAND FOR DEAL

Will Oppose Turkey Returning to America Ransom Money Paid for Release of Miss Stone.

St. Petersburg, March 18.—A newspaper here today says that Russia will not allow America to compel Turkey to pay the ransom money exacted by brigands for the release of Miss Stone. Russia, the paper says, will enunciate a Monroe doctrine for Eastern Europe.

SERIOUS REBELLION IN SOUTHERN CHINA

Hong Kong, March 18.—The rebellion in the Kwang Sik Kwang Tung and Yunan provinces is assuming a serious aspect. The rebels recently routed a large imperial force after two day's fighting. The rebels are looting the towns, seizing government supplies and murdering mandarins. Many imperial soldiers are joining them.

KAISER GONE TO MEET THE PRINCE

Brunzettel, Prussia, March 18.—Emperor Wilhelm left this morning on board the Battleship Wilhelm the Second, to meet Prince Henry at Cuxhaven, where the steamer Deutschland is expected to arrive at seven o'clock tonight.

ARE IN FAVOR OF KINDERGARTEN

Report of Committee Appointed by the Board of Education.

5 A GOOD SYSTEM

Is a Part of the Educational Advantages of Fifty Badger Cities.

JANESVILLE NEEDS IT

The report of the committee appointed by the Board of Education to investigate the Kindergarten question, will be read with interest by parents especially. It will be noticed that the report is favorable to this department of school work. The committee has not been hasty in judgment and is not influenced by sentiment. Investigation proved that the Kindergarten is a part of the educational system in fifty cities of the state. In fact Janesville is about the only place of any importance, where the system is not in use. The report follows:

Report of the Board

Mr. President and Members of the Board of Education: Gentlemen:—Your committee appointed at the last regular meeting of this board to investigate the Kindergarten Movement as related to the Public School system and especially to report as to the advisability of adopting such a department as an adjunct to our school system would report as follows:

There are at present more than fifty cities in the State of Wisconsin which are successfully conducting a Kindergarten in connection with the Public Schools, and your committee have gotten full reports from nearly all these either through correspondence or by personal inspection. The two great questions which arise in connection with this movement are, first, as to the necessity of having the Kindergarten, and second, as to the expense of the same.

Experience Has Shown

As regards the first we would say that experience has shown that the average child of four or even five years is not sufficiently developed either in body or mind to enter the first grade of our public schools, and successfully carry on the work as it should be conducted in that grade. The State Laws of Wisconsin have placed the age of children when they must be admitted into the public schools if they ask admission at four years, and as a consequence these children must be taken care of by the schools, and your committee are of the opinion that this can be done more advantageously and with less expense in the Kindergarten than in the grade. Experience has shown that children who have not had the Kindergarten training spend from two to three years in the first grade, whereas statistics show that those who have taken this training go through the grades of our public schools in one third the time than those who have not. While the Kindergarten is not designed for any particular class it has been found to be of especial value to those families where the mothers are obliged to either take in work or go out to work during the day time.

Taught Certain Principles

In the properly conducted Kindergarten the children are taught certain principles which strengthen both the minds and their bodies without themselves being conscious of the fact that they are being taught. The work is done largely in the form of games of different kinds which have an educational feature in them, but which is not always detected by the child. In this way the young mind is not overtaxed and when the child reaches the first grade of the public schools, he is fresh in mind, and vigorous in body, and ready to take it up if he came direct from the average home to the first grade without first having the Kindergarten course. The Kindergarten is to the child what Manual Training is to the scholar who is further advanced.

To Think For Themselves

It teaches them to observe, to use their hands, and to think and plan for themselves, and at the same time this is done, as we have said, without the child being conscious especially of the fact that he is being taught. As a simple illustration of this idea, these little learners to walk and march with head and body erect, and to sit in the right position while sitting in the guise that he is playing soldier and he does these things, not because he thinks it is the proper way to walk, to march or to sit, but because he wants to play soldier and that is the way the soldiers do. He is taught to use his hands on modeling and make different objects in the clay, but it is no more of a tax on his brain or his body than it would be to make mud-pies in the street but the educational feature involved is radically different.

Question of Expense

As regards the second question, of expense, it has been found that if these children must be taken care of, they can be taken care of with less expense by themselves in the Kindergarten than they can in the first grade as part of the regular school work. Besides this, it has been

and palms and cut flowers and the latter with spotless linen, bright silver and china which suggest their own use.

In one of the smaller rooms the chairman of the credentials committee was having no end of a time finding out who was who and locating the various delegates most of whom were promptly on hand, thus refuting the common slur that women are seldom punctual and never business like.

Welcomed the Delegates

Friendly greetings and introductions occupied the time up to 9:30 when the program was formally opened by a brilliant four-hand musical selection, two pianos, by Mrs. James Fife and Miss Ada Pond. The convention was then called to order by President Tanberg, who presided during the day. Mrs. R. C. Denison gave the invocation.

Mrs. Arthur C. Jenkins, president of the local Philomathean club, greeted the assembled delegates in a most hearty and cordial manner referring in modest way to some of the facts in our city life of which all loyal citizens feel justly proud. Among these were the High school and the city library. Mrs. Jenkins also read a

Mrs. John Fuller Sweeney

poem which gave in metrical form the more remote object of women's clubs in general.

Response of Mrs. Hansen

The response was made by Mrs. E. F. Hansen of Beloit, who quoted Goethe in paying tribute to the three graces—the grace of giving, the grace of receiving and the grace of acknowledging and the last of the trio was her pleasant duty. She spoke of the influence that may be exerted upon civic affairs by women's clubs, and in this connection urged most strongly city federation upon all still unfederated. This was illustrated by a brief review of what had been done in her own city, and the long and attractive vista that open-

found that the child who takes this preliminary training goes through the rest of the grades much more rapidly than he otherwise would, and therefore is an expense to the city in reality less time, and the added time he is an expense to the city at the beginning when the expense is smaller, is much more than made up by less time which is taken at the other end of his school training where the expense is heavier.

Need Trained Teachers
Your committee are convinced, both from personal inspection and correspondence that the principle requisite to make the Kindergarten a success is to have it in charge of thoroughly trained teachers, those who are not only in sympathy with the work and love it, but those who have also received special training in this direction, and we are of the opinion that it is possible to secure this class of teachers. Our own state has for several years had a department in its Normal Schools, especially for the training of Kindergarten teachers, and from this and other like schools in different parts of the country teachers are being sent out who are thoroughly competent to take up the work.

We would append and make a part of this report extracts, either from letters written or conversations held with representatives of the different cities of the state with regard to the experience of these different places in the matter of Kindergarten as a part of the public school system. These extracts are from Superintendents of schools, and business and professional men who have watched the growth and development of this movement in their respective cities, and while we have simply given extracts from them it will be sufficient to indicate to you the growth and development of the Kindergarten and the opinion in which they are held by the people.

Other Badger Cities
Milwaukee—255,000 population—“We have forty-four Kindergartens in operation, and the first one opened twenty-two years ago. We are satisfied that they are a necessary adjunct to the City Schools.”

West Superior—31,000 population—“We have had them in successful operation for nine years and have one thousand children enrolled. The public sentiment is very favorable to them, and abolishing the Kindergarten in our city would not be a reduction of the expenses, as the cost per capita of the whole number enrolled would not exceed \$13.00, while the cost per capita of the other schools is \$15.00, and if we did not provide for these children in the Kindergarten we would be compelled to admit them to the first grade of the primary schools, so there is no argument for their abolition on the side of economy.”

It Suits Madison
Madison—19,000 population—“Kindergartens have been in operation with our schools for the past eight years. We consider them a very valuable feature of the school system and only regret that we cannot maintain them in connection with every ward school in the city.”

DeWaver—2,000 population—“Our constantly increasing attendance shows the increasing approval of our people for this movement. All depends upon the kind of a teacher in charge. A trained, sensible and resourceful one imparts a great deal of value, but a poor one is worse than none at all. The entire success of the movement will depend upon the directors you get.”

Fond du Lac—15,000 population—“Our kindergarten system here has been in operation for eight years. We are well satisfied with its workings and I doubt if our people would allow their being discontinued.”

Appleton—17,000 population—“We have four Kindergartens in operation here and this is our fourth year in the work. It is my firm conviction that Kindergartens are a necessity to the Public School system. Before we started them we were obliged to take children at the age of

Well Preserved

Women often astonish new acquaintances, who are introduced to a large family of strong boys and healthy girls, who call this young looking woman mother. It is popularly supposed that maternity is the foe of beauty, and the worn and faded face of many a mother seems to warrant the belief. But it is hard to believe that nature should compel a woman to sacrifice the rightful dower of her beauty in order to carry out a natural function of her being. And nature does not. The pains and sufferings incident to motherhood are, to a large extent, unnatural.

This is proved by the use of Dr. Pierce's Favorite Prescription, which prevents and cures nausea, tranquilizes the nerves, encourages the appetite, induces refreshing sleep, and makes the baby's advent practically painless.

Mrs. Orin Stiles, of Downing, Dunn Co., Wis., writes: “I have been intending to write to you ever since my baby was born in regard to what your ‘Favorite Prescription’ has done for me. I cannot praise it enough, for I have not been as well for five years as I am now. In July last I had a baby boy, weight 12 lbs., and I was only sick a short time, and since I got up have not had one sick day. I have not had any undue trouble since I got up. I was not only surprised myself but all my friends here are surprised to see me so well.”

“Favorite Prescription” has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

Dr. Pierce's Pleasant Pellets clear the complexion and sweeten the breath.

four and oftentimes they were obliged to remain in the first grade three years before they could accomplish the work; now they cover the same work in one year. It is very necessary to have a thoroughly trained Kindergarten as the director, and you should consider no other as the success or failure of the movement depends largely upon this. Our primary teachers are in perfect sympathy with the work.”

Beloit Well Satisfied.
Beloit—10,000 population—“Our system has been in operation for about twelve years, and while there was some opposition at the start this has entirely disappeared, and we consider this department today as very important and necessary. Above everything you do, get trained Kindergarten teachers as directors.”

Among the endorsements are Racine, Oshkosh, Sheboygan, Burlington, Richland Center, Dodgeville, Waubesa, Marinette, Stevens Point, Merrill, Neenah, Menasha, Baraboo, Grand Rapids, Berlin, Waupun and Rice Lake.

In concluding this report your committee would recommend that this Board add a Kindergarten to the otherwise complete Public School system in Janesville, and that this department be put in operation at the beginning of the coming school year in next September, and further that the department shall be adequate for the needs of the city at this time. We would also recommend that a committee be appointed to look into the matter of suitable apartments, equipment, etc., getting estimates of the cost of the same and report to this Board as soon as convenient, all of which we would most respectfully submit for your consideration.

(Signed by Committee.)

LITTLE ACTIVITY IN LEAF MARKET

The Lack of Old Goods and the Scarcity of New Tobacco, Accounts for This.

Activity in the leaf market this week was conspicuous mainly by its absence. The lack of old goods and the scarcity of the new amount to a considerable extent for the lightness of trade in domestic leaf, for there has been considerable inquiry for that article, principally in Connecticut and Pennsylvania broadleaf, and other eastern tobaccos.

It may be said also that the dullness is not all occasioned by the lack of buyers; for holders of good leaf are unanimous in the opinion that the known shortage in almost every crop will result in higher prices, and they therefore are not over anxious to dispose of their crops. No one believes that the manufacture of cigars in this country will not exceed even the enormous output of last year, and as the visible supply of tobacco of all kinds is far from excessive, their position certainly seems tenable.

In Havana there was practically the same condition as has applied to Sumatra for several months past and still continues, which is that purchases are limited to actual and immediate needs. Unlike Sumatra, however, the business in which seems to have settled into the above habit, the Havana situation will probably improve as soon as definite action has been taken with regard to Cuban reciprocity. As that action in the nature of things must be decided in the near future, the comparative dullness in Havana bids fair to vanish at an early date.—U. S. Tobacco Journal.

ALL STARS DEFEAT JANESVILLE TEAM

Interesting Bowling Match on Hockett's Alleys Last Night—Madison Here Tomorrow Evening.

A bowling match between the Janesville team and the “All Stars” was played last night at Hockett's alleys. The match resulted in the defeat of the Janesville team by 58 pins. The regular team lay their defeat to the fact that one of their best men had a sore hand and could not bowl. The scores of the two teams was as follows:

REWARD OF MERIT.

A New Catarrh Cure Secures National Popularity in Less than One Year.

Throughout a great nation of eighty million it is a desperate struggle to secure even a recognition for a new article to say nothing of achieving popular favor, and yet within one

year Stuart's Catarrh Tablets, the new catarrh cure, has met with such success that today it can be found in every drug store throughout the United States and Canada.

To be sure a large amount of advertising was necessary in the first instance to bring the remedy to the attention of the public, but everyone familiar with the subject knows that advertising alone never made any article permanently successful. It must have in addition absolute, undeniable merit, and this the new catarrh cure certainly possesses in a marked degree.

Physicians, who formerly depended upon inhalers, sprays and local washes or ointments, now use Stuart's Catarrh Tablets because, as one of the most prominent stated, these tablets contain in pleasant, convenient form all the really efficient catarrhal remedies, such as red gum, blood root and similar antiseptics.

They contain no cocaine or opiate, and are given to children with entire safety and benefit.

Dr. J. J. Rottger, of Covington, Ky., says: “I suffered from catarrh in my head and throat every fall, with stoppage of the nose and irritation in the throat affecting my voice and often extending to the stomach, causing catarrh of the stomach. I bought a fifty cent package of Stuart's Catarrh Tablets at my druggist, carried them in my pocket and used them faithfully, and the way in which they cleared my head and throat was certainly remarkable. I had no catarrh last winter and spring and consider myself entirely free from catarrhal trouble.”

Mrs. Jerome Ellison, of Wheeling, W. Va., writes: “I suffered from catarrh nearly my whole life and last winter my two children also suffered from catarrhal colds and sore throats so much that they were out of school a large portion of the winter. My brother who was cured of catarrhal deafness by using Stuart's Catarrh Tablets urged me to try them so much that I did so and am thankful for what they have done for myself and my children. I always keep a box of tablets in the house and at the first appearance of a cold or sore throat we nip it in the bud and catarrh is no longer a household affliction with us.”

Full sized packages of Stuart's Catarrh Tablets are sold for fifty cents in all druggists.

The Milwaukee Caucus.

The contest for the republican nomination for mayor of Milwaukee has been of state interest from the fact that it early resolved itself into a fight between the La Follette and Stewart factions of the republican party. While the state does not necessarily yet both factions have felt that the present case would be taken as a test of strength.

At the caucuses held there yesterday Major Anson, the candidate backed by the Stalwarts, won out by an overwhelming majority and in spite of the strongest opposition that could be shown, by the La Follette faction. It demonstrates the one-man machine commonly known as La Folletteism has seen its brief day and that the republican party in Wisconsin will hereafter be run by the people and their representatives.

The decision of Milwaukee will likewise be the decision of the people of the state when the time comes.—Green Bay Gazette.

Trades Council Ball

The fourth annual ball given by the Federated Trades Council was held at Assembly hall last evening and it was a most successful one. About one hundred and fifty couples were present and all enjoyed the event greatly. The platform for the orchestra was tastefully decorated with green bunting and was surmounted by a small American flag. Evergreen in liberal quantities hung from the chandelier and in festoons about the hall. Baldwin & Reifeld's orchestra of four pieces furnished the music and they rendered some of their finest selections. The many happy faces about the hall gave ample evidence that the dance was a success and that success was largely due to the well directed efforts of a committee consisting of J. A. Hoffman, J. Corcoran, John Jensen, Joseph Delaney and Fred Smith.

REGULAR MEETING COMMON COUNCIL

Notice for Holding the Municipal Election Was Given, and the Location of Voting Booths.

Aldermen Judd, Valentine, Hutchinson, Kothman and Murray were present last evening at a regular meeting of the common council. As neither Mayor Richardson or President Filkey were present, Alderman Hutchinson was chosen to preside.

The reading of the minutes of the previous meeting were dispensed with. The notice of the appointment by the mayor of Frank W. Parker as special policeman without pay, was referred to the police committee, who reported favorably, and the appointment was confirmed.

The report of the mayor of the sale of the South Third and Clark street improvement bonds to A. E. Bingham for \$3,300.88, or at a premium of \$101.13, was confirmed by the council.

The finance committee reported favorably on the usual grist of bills, and the same were ordered paid.

The mayor was instructed to borrow \$1,000 and place it to the credit of the fire and water fund.

A notice of the holding of a municipal election was introduced, giving the location of the voting booths and the officers to be elected. It was adopted. President Hutchinson appointed Aldermen Murray, Hemming and Judd, to look after the voting booths.

The sewerage committee said they would have their report ready at the next meeting of the council.

Permission was granted the Chicago, Milwaukee & St. Paul railroad to construct a sewer from the intersection of Race and High streets, south to Wall street, east on Wall street to Jackson, and south on Jackson to the sewer already constructed by I. F. Connors and others. This sewer is for use in connection with the new passenger station to be built this summer.

There being no further business, the council adjourned.

When you rise in the morning take a cold sponge bath with a vigorous rubbing. Take all the open air exercise you can. Keep the liver and bowels active with Dr. Crane's Quaker Tonic Tablets, the perfection of purity. Kidneys, liver, stomach, indigestion, headaches and constipation. All drug stores fifty cents.

Wesleyan Male Quartette
The Wesleyan Male Quartette gave a delightful performance, as the last entertainment in the Y. M. C. A. lecture course in the auditorium last evening to a big house. The company captured the good will of the audience from its first appearance on the platform. The company were here as the Wesleyan Male Quartette composed of G. J. Ireland, tenor and whistler; F. W. Farmer, tenor; W. E. Rose, baritone; D. C. Truesdale, bass; assisted by Wallace Bruce Amshary, impersonator and humorist.

Catarrh

The best authorities say, is a disease of the blood.

Therefore local applications cannot cure.

Being a constitutional disease it requires a constitutional remedy—Hood's Sarsaparilla.

By thoroughly purifying the blood, this great medicine reduces the inflammation of the mucous membrane and stops all catarrhal discharges of the nose, throat, stomach, bowels, bladder and generative organs.

Catarrh is especially dangerous in persons who inherit or have acquired a predisposition to consumption.

In these and all other catarrhal cases, Hood's Sarsaparilla so thoroughly renovates the blood and restores strength and vigor that it permanently cures.

In fact, because of the character of the disease, and the peculiar merit of the remedy, Hood's Sarsaparilla is the common-sense treatment for catarrh.

“I was a sufferer from nasal catarrh, gradually growing worse. I began taking Hood's Sarsaparilla which completely cured me of that troublesome disease.”

Miss Elizabeth Hesselman, Treasurer of the Neenah, Wis., Schiller Club, Tells How Lydia E. Pinkham's Vegetable Compound Stopped Her Monthly Suffering and Improved Her General Health.

"DEAR MRS. PINKHAM:—I was always a healthy girl until about a year ago when I caught a severe cold coming home from a party. For months after that I was very irregular and suffered severe pains for a day or two. I lost flesh and strength, and became alarmed. My mother procured a bottle of Lydia E. Pinkham's Vegetable Compound for me, and I began to take it faithfully. I soon found that my general health improved, and within a couple of months I became regular to a day, and suffered no further pain, and several of my friends have been helped through its use since." — ELIZABETH HESSELMAN, 129 First St., Neenah, Wis.

ABSOLUTE FAITH.

You can depend upon the word of this Janesville Citizen.

He has had the experience. He has thoroughly tested the article.

He has found it as represented.

He has absolute faith in its merit.

Mr. L. Lawrence, of 408 S. Franklin St., engineer at the Janesville Electric Light Co., says:

"Seven years ago I injured my back by falling through a bridge near Alton, into the Rock River. I was on a traction engine. Its weight broke through, and the whole thing went into the stream. Since that time my back has ached by spells, sometimes very severely. If I caught cold it settled in my kidneys and if I brought a strain on my back lifting, the result was a bad backache and sharp twinges of pain in my joints. I procured Doan's Kidney Pills at the People's drug store and after I used them I was free from backache. I am in better health than at any time since falling through the bridge."

Sold for 50 cents per box by all dealers. Foster-McMillan Co., Buffalo, N. Y., sole agents for the U. S. Also on sale at King's Pharmacy.

Kodol Dyspepsia Cure

Digests what you Eat

Many digestive compounds and tablets are recommended to cure dyspepsia by digesting food with the pepsin they contain. Most of these possess merit, but they all fail in many cases, because pepsin digests only albuminous foods, such as eggs and meat. But we must eat more than eggs and meat; and some of the worst cases of dyspepsia are caused by indigestion of fats and starches and other foods which pepsin cannot digest.

There is one preparation that contains all the digestants. It is KODOL DYSPEPSIA CURE, which digests what you eat, and has been used with remarkable success,—not a single failure to cure being reported from the many thousands who have used it.

J. E. Peabody, Pittsford, N. Y., says: "The first dose of Kodol Dyspepsia Cure relieved my son of stomach and heart trouble, and four bottles of it cured him. I heartily recommend it."

It can't help but do you good

Prepared by E. O. DeWitt & Co., Chicago. The \$1. bottle contains 2½ times the 50c. size. When you suffer from biliousness or constipation, use the famous little liver pills known as **DeWitt's Little EARLY RISERS**. They never gripe. Above Preparations sold by M'CUE & BUSS

ALL HE CARED ABOUT WAS MORAL EFFECT

Peculiar Case of Charles Lumm, Arrested and Discharged for Illegal Shooting.

Charles Lumm of Newville, who was arrested last week by Deputy Game Warden Peter Drafiak for catching fish illegally, was taken to Madison yesterday by the warden and confronted with the charge of killing five ducks out of season.

As Lumm tells it they had him tight. One section of the game laws fixes a penalty of \$20 for killing ducks in the spring and the other fixes the minimum fine for having game in possession out of season at \$50.

When they got Lumm up to Madison the game warden held him up on this sort of a proposition: "If you will agree to plead guilty to the charge of illegal fishing, now pending against you in Janesville, we will give you back all your stuff and see that the fine is remitted at Janesville."

They also agreed to make the charge against him under section 62 of the game laws which defines the close season on game in which the minimum fine is \$20. Lumm agreed to this as the easiest way out of the matter. He paid his \$20 and costs at Madison and then came back here and pleaded guilty to illegal fishing and paid the costs \$1.20.

As Warden Drafiak expresses it "all he cared about was the moral effect." The moral effect has no effect on game violators, and the only way to break up the violations of the game law is to give the culprits the limit. The fact of the matter is, that Warden Drafiak could never have convicted Lumm on the charge of illegal fishing and to clear himself of the charge of breaking into his house and taking things he had no right to, he used this means to get Lumm to plead guilty.

Lumm is satisfied with the outcome of the case and Deputy Drafiak ought to know enough by this time to get a rat case against a man before arresting him.

GAS LIGHT OFFICE WATER SWAMPED

Sudden Cold Snap Burst One of the Pipes in the Upper Flat of the Merrill Block.

The office force at the New Gas Light Co., were treated to a surprise this morning when the store was opened for business. Instead of a clean dry office they were confronted with a lake of water that was running through the ceiling in all directions.

When the matter was investigated it was found that Mrs. Luce who occupies the flat above the store had gone away from home and had left one of the transoms in their car of the flat open, and the sudden cold snap coming on had frozen the water pipes and caused the one between the water heater and the stove to break. The result was that the flat was flooded and the water poured down through the floor into the store below, covering the stock with water. In the rear part of the gas office was a car load of gas stoves piled up almost to the ceiling directly under the worst leak. Along the wall were all sorts of fixtures that had been given a thorough soaking.

I. F. Wortendyke, manager of the gas company in this city, said he could not tell the extent of the damage, but that all the stoves and other things would have to be taken down and taken apart and cleaned to prevent their rusting.

The stoves had just been received and piled up in the office before the flood came. The gas company think that what they saved in freight by putting in a carload of stoves, will be lost in repairs.

The people living in the adjoining flat heard the noise made by the escaping water but thought it was steam from the heating plant. The noise started early in the evening so that it must have been running all night before it was discovered.

No Trace of Grace McIntyre

No trace has been found of Grace McIntyre, the missing Beloit girl, who was seen in this city on Friday last. At that time she stopped with Mrs. D. Ryan, 262 West Milwaukee street. Since that time all trace of her has been lost. Her brother is in the city looking for her and anyone knowing of her whereabouts will confer a great favor on him by letting him know about her. Any news left with Chief of Police Hogan will be carefully looked up.

At J. M. Bostwick & Sons.

50 pieces of late weaves in dress goods received yesterday and today. Some of them: silk, cologne, a very light fabric of the tissue family; all wool and silk and wool crepe de chine; nevosoth cloth, another crepe effect, all wool; imported wool velveting in cream, black and colors; wool and silk and wool black mohair in novelty weaves, open work, stripes and plain creations. These are just a few of the new things. Great showing of grenadines. Beautiful waistings and pattern suits.

Notice.

Mrs. Emma Minor has just received fifty new shirt waist samples direct from the east. Mrs. Minor has also samples of goods for dressing, saques. She will make shirt waists and dressing saques to order.

BASKET BALL TONIGHT

This evening at the High school building at 8:30 o'clock the Intermediates and the Juniors will play basket ball. This game promises to be an interesting and exciting one and will undoubtedly be well attended.

REBEKAHS ENJOY A VISIT TO BELOIT

About Sixty Members of America Lodge of Janesville Were Given a Fine Reception.

About sixty members of America Lodge No. 26, D. of R., availed themselves of the invitation extended them by the Beloit Lodge and went down on the 4:05 p. m. train via C. & N. W. R. R. last Friday.

Arriving here at 4:35 they were met by the reception committee of the Beloit lodge and shown to the lodge rooms where a banquet was in waiting. Supper was served from six o'clock until 7:30 at which time the members were called to order to transact the regular business of the lodge.

This done, the Janesville staff took charge and initiated a class of seven new members in a manner that was pleasing to the Beloit lodge and a credit to the Janesville lodge.

After short but well chosen remarks by Messrs. Starr and Taylor, Mrs. Starr, Mrs. Blakey, Mrs. Blay, Mrs. Burdick and others, the evening's enjoyment came to a close, early in the morning the delegation came home on the train leaving Beloit at 10:35 while a few of them took advantage of the two days' time allowance on their tickets and stayed over, returning, some, on Saturday and some on Sunday.

STUDENTS INSPECT HORSES AND CATTLE

About Seventy Taking the Course in Agriculture at Madison, Visiting in This City.

Last evening about seventy students of the agricultural course at the state university arrived in a special car from Elkhorn. The young men are traveling about the state visiting the several farms and stables where the finest stock is to be found. The students are in charge of Prof. Caryle and Mr. T. W. McConnell of the state university. Yesterday they visited the Briggs farm near Elkhorn, and this morning the stables of Alex. Galbraith and R. P. Stericker. At the former stables they judged ten head of draft horses and at the latter stables judged three horses. At 10:30 they left for Orfordville where they will judge Jersey cattle on the farm of H. C. Taylor. This evening they will return to Janesville and tomorrow they will visit the farm of the McWay Bros., on Rock Prairie and tomorrow afternoon the young men will go to the Warren Starkes farm at Fox Lake.

MUSICAL COMEDY AT THE MYERS GRAND

"When Reuben Comes to Town," Will Be Seen Tonight—Unusual Praise by the Press.

Manager P. L. Myers is to be congratulated on having been able to secure the great musical comedy success of the year "When Reuben Comes to Town," which will be seen at the Myers Grand tonight. Wherever the play has been seen, it has been received by crowded houses and the unstinted praise of both press and public.

One of the most attractive high class vaudeville shows on the road will be at the Myers Grand opera house on Thursday evening next, the 20th, when Thos. P. Kelley will present his Big Lady Minstrel company. This aggregation of talent is headed by Thos. P. Kelley himself, one of the most versatile comedians in the United States, ably assisted by Messrs. Walsh, Jenks and others, Miss Helen Morrison, the leading lady and a host of pretty girls.

The popular Swedish dialect comedy "Ole Olson" seems to have a standard value in the minds of local theatergoers, and it needs only an announcement of its coming, to stimulate a demand for tickets. Ole Olson is one of those rare characters that can say, like Tennyson's "Brook," "Men may come and men may go, but I go on forever;" for like "Uncle Tom's Cabin," the people will flock to see it when the other Swedish plays are on the shelf, covered with dust; particularly so when the original "Ole" Ben Hendricks plays the character. It will appear at the Myers Grand next Saturday night.

RAISE IN RATES ON TOBACCO INSURANCE

An Effort Will Be Made to Organize a Local Mutual Company to Carry the Risks.

About two weeks ago representatives of the several fire insurance companies, doing business in this city, re-rated the tobacco warehouses and their contents, in this city, and a general increase of 25 per cent. made. This raise went into effect today and the situation is anything but pleasing to local tobacco men.

Warehouses on which the rate was one per cent., now pay one and a quarter per cent., and warehouses on which the rate was two per cent., now have to pay two and a half per cent.

This condition of affairs is largely due to the fact that the insurance companies have sustained large losses in the east and other points.

As there have been no large losses on tobacco in this state since July, 1885 and the rates were raised at that time, the tobacco men strongly protested against the present raise in rates and efforts are to be made to organize a local mutual insurance company to carry a part of the risk.

SUBSIDY BILL PASSES SENATE

Six Republicans Cast Their
Votes Against the
Measure.

AMENDMENTS BY MR. SPOONER

Mr. Hanna's Proposition to Bar Two of
the American Line's Vessels Is Carried
—Allison, Spooner, Dooliver and Quarles
with the Opposition.

Washington, March 15.—By a vote of 42 to 31 the Senate passed the ship subsidy bill in an amended form. This majority of 11 would ordinarily be considered decisive, but the vote was sensational and significant because six of the best known Republican Senators voted with the Democrats in opposition to the bill.

The friends of the ship subsidy scheme admit that their victory is decidedly cloudy, and the opponents of the subsidy idea assert without hesitation that the action of six recognized Republican leaders in the Senate will first of all call the attention of the country to the subsidy bill as nothing else can do; and, secondly, that the result will be to defeat all action in the House.

A feature of the proceedings was the adoption of an amendment proposed by Mr. Hanna which in one clause apparently gives permission for a shipping trust, and in another clause bars from the subsidy all foreign-built ships, cutting out two of the American line's present fleet, the New York and the Philadelphia. This line was supposed to be the special beneficiary under the ship bill.

The substantial accord of the four Senators from Wisconsin and Iowa is generally recognized as an indication that the delegations in the House from these states also will be opposed to the bill, and this will mean its almost certain defeat. The action of the two Iowa Senators is believed to show also that Speaker Henderson will not be favorable to the bill, although he may not oppose it openly.

The fact that two such men as Allison and Spooner, after submitting various amendments and after carefully studying the measure, should feel obliged to go on record in opposition to the majority of their party associates is even more significant.

The opposition of six of the best known Republican Senators, is taken to mean, above all, that the ship subsidy bill cannot be considered a party measure, and this will leave Republicans of the House free to vote against it.

The bill as originally drafted was much bettered by a series of amendments offered by Senators Allison and Spooner, and yet, in spite of this betterment, they felt obliged to vote against it. Senator McLaurin of South Carolina voted for the bill, and, with the exceptions noted, the rest of the Senate divided on strictly party lines.

Among the amendments agreed to were those by Senator Allison, which required that all ships taking advantage either of the mail contracts or the general subsidy must not be rated originally as of class A1, but must continue to hold the grade as long as they receive the bounty. Mr. Allison also secured the formal adoption of an amendment limiting the authority of the Postmaster General to July 1, 1910, and also providing that no contract for a mail subsidy shall be made which shall extend beyond July 1, 1920.

The Iowa leader also was successful in safeguarding the bill by an amendment limiting the total amount of the mail subsidy to \$5,000,000 annually up to July 1, 1907, and not more than \$5,000,000 after that time. He also excluded from the general subsidy all ships with a minimum speed, half loaded, of less than eight knots an hour, and still another amendment limits the subsidy to ships of over 1,000 gross tons register. Instead of making the subsidy, as originally planned, apply to every little sloop big enough to have an American register.

Senator Spooner likewise was successful in patching up the bill by adding at the end an extremely important additional section, reserving to Congress the right to alter or amend the bill at any time, providing it did not impair a contract previously made.

The bill as it stands grants the subsidy to ships of all classes whether they are loaded to the rails or leave port with a clean sweep hold. The subsidy on air is just as great as on wheat, and it was this gross inequality which Mr. Allison sought to correct. This particular amendment was carried by the close vote of 27 to 23, and its defeat is largely if not entirely responsible for the refusal of the six Republican senators to vote for the bill on its final passage.

Mrs. F. F. Lewis and daughter Florence departed yesterday on a visit to Chicago.

WOMEN

Every physician of large practice has had the experience of being called on to attend women who imagined that they were in the last stages of some dire female malady, when upon examination the fact was revealed that obstructed physiology of the stomach or bowels was the whole cause of the trouble.

The physician, however, who has not had experience may fall into the error of diagnosing grave diseases of the female system when they do not exist, because disorders of the bowels may be neglected until they give many of the appearances of female disease. The bowels have been known to become so clogged with hardened contents as to produce a condition closely resembling uterine displacement, uterine prolapse (falling of the womb) and the sick headache which is often attributed to female diseases is most often actually due to some trouble in the digestive machinery involving the liver, stomach, bowels or the great "Solar Plexus," which is the central telegraph station from which nervous messages are transmitted to and from all the organs in the abdominal cavity.

PAY TRIBUTE TO ST. PATRICK'S DAY

The Concert and Literary Entertainment at Myers' Grand Last Night Was a Success.

Last evening a large audience gathered at the Myers opera house to listen to a splendid literary and musical program rendered under the auspices of the A. O. H. and the choir of St. Patrick's church. At the rear of the stage hung the banner of the A. O. H. and the flag of our country.

Dr. M. A. Cunningham was chairman of the evening and Miss Marie McClerman proved a most accomplished accompanist. The program opened with a well rendered chorus by the choir of St. Patrick's church entitled "Let Erin Remember the Days of Old." The choir was under the leadership of that veteran director, D. D. Bennett. In the address of welcome the very Rev. Dean E. M. McGlinchy said: There is an innate feeling that compels a man to love the land of his birth and no people love their national land more than the Irish do Ireland, while at the same time no people have a stronger love for this, the land of their adoption. What the 4th of July is to this country, the 17th of March is to Ireland. Millions of Irish in all parts of the world are today sending up loud hosannas for the patron saint.

Rev. S. J. Dowling of Argyle gave a very interesting address on "Ireland," giving a brief history of that unfortunate country. Rev. Dowling is a fine speaker with a pleasing delivery and excellent diction.

Mrs. Moore sang, "Killarney," in good voice and merited the hearty applause she received. Mrs. Moore was followed by Mrs. James Connors who sang a solo entitled "St. Patrick's Day." In a very acceptable manner. Mrs. Connors has a rich full voice. Dan J. Luby sang "Good Bye, Mavourneen" in his usual pleasing voice. He was assisted by a quartette from St. Patrick's church choir.

J. J. Cunningham delivered an address on "America, Our Country." He said that while there ever springs up in the heart of the Irishman a love for his native country there is always a warm regard for the land of his adoption. The Irish enter into every department of human activity in America, the clerical, educational, professional, commercial and industrial, with all the ardor of good American citizens. The spirit of liberty that found its culmination in the Declaration of Independence, is ever found in the heart of every true Irishman.

Rev. Charles McBride of Oconomowoc, sang "Kathleen Mavourneen" in a rich, powerful voice and was obliged to respond to an insistent encore.

Rev. S. Dowling sang "The Choir Invisible" in such an artistic manner that he was loudly encored and pleasantly responded.

The choir of St. Patrick's church sang, "Columbia, the Gem of the Ocean," assisted by the audience and followed with "God Save Ireland." The choir and audience sang two verses and the third verse was sung in the Celtic language by Hugh McClerman. There are but few in this city that can talk the Celtic language the old language of Ireland.

SEVEN HEROES WASHED AWAY

Life Savers Meet Death While Trying to Save Stranded Sailors.

ONE IS RESCUED IN A DORY

Party of Five Taken from the Barge Wadena After Drown—Captain Mayo Shows Bravery by Putting to Sea in Boat Craft, Saving One.

Chatham, Mass., March 18.—Captain Marshall N. Eldredge and six members of his crew from the Monomoy life saving station were drowned near Shoveloff Shoal, while trying to rescue W. H. Mack of Cleveland, O., and four men from the stranded barge Wadena. Mack and his four companions were also drowned.

The life saving crew of eight men had succeeded in taking Mack and his companions off the barge, but in attempting to return to shore the lifeboat capsized repeatedly. The life savers and the rescued barge men, exhausted in their efforts to right the boat, were washed away one by one by the heavy seas.

Only one escaped—Surfman Ellis—and he was rescued by Captain Elmer F. Mayo of the barge Fitzpatrick, who heroically put to sea in a dory in spite of the sale and the holterous waves.

The barges Wadena and Fitzpatrick stranded on Shoveloff Shoal last Tuesday, and wreckers had been at work for nearly a week in getting them off. The Fitzpatrick had been floated, but the Wadena remained fast.

When the southeast gale came on Mr. Mack sent most of his men on board the tug Peter Smith, and told Captain Hansen to anchor in a place of safety. Mack and two Portuguese sailors and the cook remained on board the barge.

A fierce gale was prevailing and the Monomoy life saving station was notified of the perilous situation of those on board the stranded barge.

In an hour the lifeboat, with Capt. Eldredge at the steering oar, was sent out among the breakers on its way to the barge. The weather was so thick that the lifeboat was soon lost sight of by the watchers on shore.

Two hours later Capt. Elmer F. Mayo of the barge Fitzpatrick rowed ashore in a dory with Surfman Ellis lying unconscious on the bottom of the frail boat.

Surfman Ellis said that the life savers had great difficulty in reaching the stranded barge. But they lost no time in taking off Mack and his companions.

WOMEN

We Can Tell You How to Overcome Paleness and Weakness.

The question is often asked why it is that women of this generation suffer as they do. Perhaps they are paying the penalty of indiscretions committed by their ancestors. Undoubtedly such is the case, for there has never been an age when so much care has been exercised by women in general in regard to hygiene and the care of themselves.

There is one thing that we do know and that is most women need more strength and more rosy cheeks. They need to be built up, made physically strong, given a good appetite and especially see that their blood is made pure and red.

Nothing will do all this for women as well, or as quickly, as Vinol. It strengthens every organ of the body. It above all tones up the stomach and enables this important organ to obtain all the nourishment necessary for the replacing of waste tissue and for the revivifying of the blood.

Especially have we had opportunity to note the benefits done by Vinol during convalescence from disease nor do we know of anything more valuable to nursing mothers, it does so much towards enabling the mother to gain strength for herself and the little one, from the food she eats.

Here is a letter bearing on this subject, written by Mr. W. J. Hamilton of 1706 Times Street, Keokuk, Iowa.

"My wife was left in a very weak condition with a severe cough. She had no appetite and had gotten down physically to the very bottom rung of the ladder. I gave her Vinol and the cough disappeared, her appetite returned and now she is feeling first-class, is getting stronger and better and gaining in flesh every day."

Do not forget that we guarantee that Vinol will do all we claim for it and back our guarantee with our promise to refund to anyone the price of this medicine, who is not thoroughly satisfied with results.

RESCUED BY AN ALDERMAN

St. Joseph Official Saves the Life of a
Drowning Man.

St. Joseph, Mich., March 18.—A south-west gale of almost hurricane force, accompanied with snow, prevailed here Monday night. The wind played havoc with shipping on the St. Joseph River, and between 9 o'clock and midnight the river was in the utmost confusion. Alderman Louis Wallace performed a feat of personal bravery that has won him much praise. At 9 o'clock the steamer Tourist, owned by Drake & Wallace, broke from her moorings, was carried across the river and went on the bar. Mr. Wallace, with Willis Moulton, an employee, and Capt. Arthur Habel, who put out from shore in an open boat, were plunged into the icy water by the capsizing of the boat. Wallace and Habel reached the deck of the steamer, but Moulton, being weighed down by a heavy overcoat, clung to the boat. Mr. Wallace, lying on the deck, head downward, took Moulton's coat collar in his teeth and held him above water for fully five minutes, when help arrived. Moulton was nearly unconscious when dragged out of the water.

—WHAT ABOUT— ..PLUMBING.. THIS SPRING?

If you are going to build, or if the plumbing in the old house needs renewing, great care should be exercised in the decision as to who does the work. After the pipes are in and covered up it's a poor time to discover the cold fact that the work was inferior.

The best way absolutely to remove all doubt is to give the contract to a firm who has demonstrated their knowledge in everything pertaining to plumbing and its branches. Our list of satisfied customers is a long one—many of the largest and most difficult contracts in the city were completed with our force of experts. Glad to tell you more about it, and pleased to explain the new ideas in house plumbing if you will call.
